# SIGNATURE MIX

SIGNATURE MIX BLENDED COLOURS are a custom colour mix unique to Tsunami Glassworks designs. Colour mixes will vary from piece to piece as each mix is made by hand, glass thickness will also determine colour saturation. We recommend ordering samples as colour tone can differ from computer screen to print material to the actual glass piece. Colours shown below are in the frosted/etched finish.

black/iris

olive/aqua

cherry/turquoise

cerulean/aqua

strawberry/saffron

citron/jade

citron/saffron

gold

ruby/amethyst

white

amethyst/black

grey

# METALLICS & PEARL

Metallic and Pearl finishes are original to the Tsunami Glassworks collections; we find this treatment shows off the organic shapes of our pieces and is available in any transparent colour in addition to the six shown below. Pearl is a softer, opalescent finish which adds a luxurious feeling to our designs.

metallic pink

metallic gold

metallic bronze

metallic silver

metallic grey

metallic blue

black/iris pearl

silver pearl

gold pearl

grey pearl

rose gold pearl

ruby pearl

# CUSTOM COLOURS

The following list comprises all available glass blowing colours.

Some colours are vary through saturation of application, glass thickness and lighting.

We advise clients to request samples (available for a small fee) if colouration is critical. Please consult with our team for the best solution for your project. Lead time for samples varies per supplier.

# TRANSPARENT

The following colours are transparent glass colours. Saturation will vary depending on glass thickness and surface treatment.
