How to specify

Each design lists its references, sizes and finishes. Dimensions are shown in inches with approximate millimetres. Special-order options are noted. For colour selections, see the Colour & Finish Guide. Contact the studio for quotations.

Ginkgo Leaves

Hot-formed glass leaves finished with metal leaf on a metal armature. Available as a single leaf, a two-leaf pair or a seven-leaf branch, in gold, silver or copper.

SIZES

WGK-SINGLE	7" overall 178 mm overall
WGK-PAIR	16" overall 406 mm overall
WGK-BRANCH	30-32" overall Approx. 762-813 mm overall

METAL LEAF

Gold · Silver · Copper

DETAILS

Sizes are overall spans, not individual leaf dimensions. The seven-leaf branch is approximately 30-32 inches overall; arrangements vary. Confirm orientation and mounting requirements with the order.

Singularity

A circular glass wall sculpture with metallic leaf and a raised glass orb. The orb is offered in mirrored or pearl finishes.

Plan your project

Choose your pieces

Specify the design reference, size, finish, colour and quantity. Pieces can be ordered individually or combined into a composition.

Share your space

For wall compositions, send the wall dimensions, photographs and any drawings you have. Let us know the project location and desired delivery date.

Request a quotation

Contact eva@soffistudio.com for pricing, current availability and project-specific options. The quotation confirms the design scope, lead time, packing, shipping and installation requirements.

Made to order

Standard made-to-order work typically takes 4-6 weeks; custom projects typically take 10-14 weeks, depending on scope and order volume. Confirm timing with the studio before specifying a delivery date.

Handmade variation

Each piece is individually formed. Dimensions, colour distribution and surface detail vary slightly. Confirm material and colour samples where the project requires a specific match.

Installation and care

Mounting requirements depend on the design, wall construction and installation. Request the relevant installation and care instructions when planning your project.
